

This session is appropriate for investigators at all levels, research staff, and students who want to learn more about how biomedical informatics can be used to enrich their research.

Representatives from UW Health, the Clinical Research Data Service (CRDS), and leads from other biomedical informatics service lines will also be on hand to take questions.

**JANUARY 29, 2019**

## **CLINICAL & HEALTH INFORMATICS INSTITUTE**

**Town Hall Meeting: 12-1 pm  
1325 Health Sciences Learning Center**

The UW Clinical and Health Informatics Institute (CHI<sup>2</sup>) is a new academic home for biomedical informatics. A Town Hall meeting will introduce the services, education, and innovation housed within the Institute. The program will include a short introduction from Elizabeth Burnside, CHI<sup>2</sup> Interim Executive Administrative Director, followed by a presentation from Umberto Tachinardi, CHI<sup>2</sup> Executive Scientific Director, and an open question and answer session.

**THE TOWN HALL WILL  
BE LIVESTREAMED  
([LIVE.VIDEOS.MED.WISC.EDU/](https://live.videos.med.wisc.edu/))  
AND RECORDED FOR  
THE SMPH VIDEO  
LIBRARY.**

**Institute for Clinical and  
Translational Research**  
UNIVERSITY OF WISCONSIN-MADISON
