

## IND/IDE Holder Training Registration Instructions

The online course titled “Understanding Your Responsibilities of Holding an IND/IDE with the FDA” offers information to both new and experienced faculty that hold an IND or IDE application with the FDA. The course reviews the responsibilities that come with this activity, as well as pointers and tips that can be applied to help along the way.

Although this training has been developed specifically geared towards faculty that hold an IND or IDE application, the content is applicable to others members of the team.
